About the talk:

Professional photographer Glyn Davies BA(Hons), will talk about his personal approach to landscape photography after four decades in the profession. He will also introduce us to his major exhibition project "Landscape Figures" which explores the idea of spiritual connection between vulnerable organic figures and often rugged wild landscapes.

After the talk there will be time for Questions & Answers, followed by a book signing session where you can purchase signed copies of Glyn's books.

We'll also hold a raffle - Glyn is donating three different books ("Anglesey Landscapes Vol.2"; "Nant Gwrtheyrn" Y Swyngyfaredd (The Enchantment); and "Welsh Light") as raffle prizes.

Note: Some images shown during the talk contain aesthetic nudity.
